

5. All drains carrying waste or sewage water or storm (rain) water shall be constructed in masonry or other impervious material and shall be regularly flushed at least once daily and, where possible, connected with some recognized drainage line.

2. The factory and the compound surrounding it shall be maintained in a smooth, orderly and cleanly condition. The floors shall be swept or otherwise cleaned at least once daily, and the ceilings cleaned at least once a month.

8. The Manager of every factory shall enforce the proper use of machines and tools and prevent pollution by smoke or noise of the workers of the ground in the vicinity of the houses or towns and in the compound of the factory. The Manager of every factory shall make suitable arrangements for the regular cleaning and conserving of the houses and streets in the neighbourhood of the factory.

8 The area around the plate where the drinking water is distributed on the spot must be kept clean and sanitary at all times.

DEPT FOLS WITH SUBSECTION (1) OF GROUP 10
IN FOL. 10.

12. (1) In every room of a factory requiring openings shall be provided in the perspective of five square feet for each person employed in such room, and the openings shall be such as to admit of a continued supply of fresh air.

Provided that, subject to the control of the Chief Engineer, the Inspector may for reasons to be recorded in writing, refer the installation of the sub-grade scheme, in his opinion, may be done with due regard to the health and the environment to any person.

(f) In every room is a fire exit where opening of doors, hatching, windows, hatching, ventilation, preparing or any other process is carried on in which dust is generated in an appreciable quantity to cause injury to the health of the workers, efficient exhaust and sink ventilation shall be provided to ensure that the dust is drawn away from the workers as far as practicable and it is reasonably possible to, the point at which it is generated.

(3) In every room is a rubber mat where duck-
draining is carried on, so different arrangements for the
removal of the water grown off in the process of drying
the yarn shall be fixed. Duck-drying shall not be
carried on in any room where any other process of manu-
facture is being performed, provided that in any factory
in which the weaving, reeling, spinning and winding depar-
tments were operating and a separate room for duck-

10/23/93 - well performed on as before 23rd October 1993. No important items for consideration. The provided written response deemed unacceptable is the memorandum, the Chief Disposition Unit, subject to such conditions as the necessary summary, partial solution, among it be exempted as a result, as which another process of dissemination is being performed.

Body under pressure 173

It is further to spare supplied by machinery, fixtures and materials kept, in any room, of a factory there shall be provided for each of the workers employed at any one time in the room at least 36 square feet of floor space; and

(3) where mechanical or electrical power is not used, a breaking space of at least 500 cubic feet; and

breathing space of at least 120 cubic feet.

Provided that, subject to the control of the Chief Inspector, the Inspector may, for reasons to be recorded in writing, rule out of the register all of such persons as may be necessary there, in his opinion, to be before him with regard to the health of the persons employed in any room.

ПРИКАЗ ВНЕШНЕГО МИНИСТЕРСТВА (3) от августа 19
от 1919 года.

10. Drinking water shall be supplied to the employees

11. Whenever practicable, drinking water shall be

(d) from taps containing a public water supply system which a sufficient supply of water can at all times be obtained.

(2) from a well or well to be drilled and constructed to prevent pollution or contamination with organic or other substances.

14. If, in any factory, it is not practised to supply water in accordance with the methods prescribed, by rule 38 or if the public water-supply is interrupted, there shall be provided in a covered cistern equipped with a tap or taps, a supply of water fit for drinking, from a source approved by the Health Officer during production from the place where the factory is situated and running for at least twenty gallons a day so there are now arrangements in the factory. Adequate arrangements should be made to prevent any possibility of contamination of this supply of water, and the cistern or cisterns should be kept clean.

NOTE—Charges do not include a net air seal.

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED
DATE 09-28-2001 BY 60322 UCBAW

15. In every factory in which any process involving contact by the workers with injurious or obstructive substances is carried on, water suitable for washing and facilities for its use shall be provided for each worker according to the following standards:—

(1) Water shall be provided free of cost, preferably through taps, at the rate of five gallons a day for each worker, or at such lower rates as may be approved by the Chief Inspector in consideration of the nature of the work.

(2) Suitable washing places with impervious floors and sanitary drains shall be provided, and if the workmen include women, separate washing places for women shall be provided and arranged so as to ensure them complete privacy, with suitable representations indicating that they are washing places for women.

[illegible]

Environ Monit Assess (2008) 142:439–449

54. The concept of *living history* should provide information about the structure of the factory in an accessible form detached from the actual factory building. The *living history* employed, especially historic costumes from those times intended for them and worked in the warehouse in components letter "The women only" and indicated to preserve by which it provided, thus for men should be similarly provided. The *living history* should be continuously, Accommodation for both men and women. The *living history* such work as may be held down by the anthropology museum, if the history is situated in a museum, area 500 to 550 years, by the other public authority considered, provided that it should not, in any case, fall short

L—Final end system of the line.

the supervisor at, in the case of fire, must complete completion of ordinary work in a room for not less than 24 hours, shall be given in Form B, within 48 hours of the expiry of this time, in the tabulation provided in rule 25.

26. Where an accident occurs and the nature of the injury to the result thereof subsequently proves to be different from the description contained in the original report of the accident in Form B, a supplemental report setting out the necessary additions or corrections shall be submitted as soon as possible and within three months from the date of the accident in the tabulation provided in rule 25 and if the accident results in death, immediately to the authority mentioned in rule 27.

CHAPTER III.

Rules 28 to 45 apply to the artificial humidification of rooms only.

28. Rules 28 to 45 apply to the artificial humidification of rooms only.

29. The introduction of artificial humidity into any room is a matter which shall mean whenever the wet bulb reading of the hygrometer provided in the room is higher than that recorded in the tabulation attached to the wet bulb reading commencing in the dry bulb reading of the same hygrometer at the same time.

Where the dry bulb reading is intermediate between two consecutive dry bulb readings as indicated in the tabulation, the lower of the two dry bulb readings shall be deemed to be the dry bulb reading of the hygrometer for the purpose of this rule.

30. Hygrometers.—Where there is more than one hygrometer in the room, the average readings of all the hygrometers shall be taken for the purpose of this rule.

31. Rule 31 shall not apply when

(a) the difference between the wet bulb reading as indicated by the hygrometer in the room concerned and the wet bulb reading taken with a hygrometer outside in the shade is less than 3°C Fahrenheit, or
(b) the reading given by the air in the room as measured by the wet reading of a baro-thermometer at a height of 2 feet or all other reading places is greater than 11 Fahrenheit degrees and there is no direct sunlight.

32. In any room in which steam is used for the purpose of artificial humidification, the instrument shall show when the dry bulb temperature of the room exceeds 50° Fahrenheit.

33. In all rooms in which artificial humidification is used, hygrometers on the walls and down below shall be provided and maintained.

(a) Factory department.—One hygrometer for each room with less than 500 cubic feet, and one additional hygrometer for every 500 or part of 500 cubic feet in excess of 500.

(b) Other department.—One hygrometer for each room of less than 500 cubic feet capacity, and one additional hygrometer for each 500 cubic feet, or part thereof, in excess of 500.

(c) One hygrometer shall be provided and maintained for below shade temperatures. This shall be fixed in a position approved by the Inspector.

34. The provisions for the introduction of steam into the atmosphere in any department of a wet bulb shall, as far as they are within the department, be so made, both in character and length, as to be reasonably practicable and shall be sealed with one reading instrument in the satisfaction of the Inspector, so as to maintain heat thereof off by themselves the department.

35. If it is proved to the satisfaction of the Chief Inspector that in any room in a department, not being a working department of a cotton mill, the limits of humidity allowed in the tabulation are not ordinarily exceeded, the Chief Inspector may, by order in writing, exempt that department from the provisions of rules 28 and 32. The manager of the factory shall have a copy of such order posted in the inspection book maintained under rule 145 of these rules.

36. A copy of the schedule appended to these rules shall be affixed near each hygrometer and maintained in a legible state.

37. (1) The correct wet and dry bulb readings shall be recorded at each hygrometer by competent persons appointed by the manager of the factory and approved

by the Inspector at the following times and at any working day:—

(a) Once between 7 and 9 a.m.

(b) Once between 12 and 2 p.m.

(c) Once between 5 and 7 p.m.

(2) These temperatures shall be recorded at the time of reading in a pocket notebook in Form and entered in a special Humidity Register in Form The pocket notebook and the register shall be maintained in a clean and legible state. At the end of every week the person making the readings shall sign the register and certify that the readings are accurate and that each hygrometer has been maintained in accordance with the rules. The register and the pocket notebook shall at all times be available for inspection by the Inspector and copies of the entries made therein shall be sent to him whenever he requires.

(3) The entries made in the register shall be considered as prima facie evidence of the correctness and accuracy of any department but an Inspector may at any time check the correctness of the readings by personal observation.

(4) Every hygrometer maintained in a cotton mill under these rules shall be given a serial number in the Humidity Register and each number shall be marked on the respective hygrometer and referred to in the pocket notebook.

(5) Forms shall be used for recording the temperatures. Copies of the forms may be had on payment from the Superintendant, Government Press, Madras.

38. Every hygrometer shall be corrected and maintained in the manner mentioned below:—

(a) In all hygrometers two vertical or alcohol thermometers, similar in construction and equal in dimensions, scale, and diameter of scale. Each hygrometer shall be mounted in a wooden or metal frame and have a suitable receptacle containing water.

(b) The wet bulb shall be already driven with a single layer of fine muslin, kept wet by means of a siphon or machine with attached to it and dipping into the water of a reservoir. The muslin covering the wet bulb and the siphon shall be suitable for the purpose and made. Previous to use, all siphons and joints shall be thoroughly cleaned by boiling the muslin in water.

(c) The length of the wet bulb between the wet bulb and the point where it dips into the water reservoir shall not exceed three inches. The muslin shall be attached to the wet bulb by means of a slip knot so that the muslin shall not be so tight as to hinder the free flow from the reservoir.

39. Each thermometer shall have the following characteristics:—

(a) the bulb shall be spherical and of suitable dimensions;

(b) the bore of the stem shall be such that the top of the mercury or alcohol column may be clearly defined, and correct readings made at a distance of 2 feet;

(c) the thermometer shall be graduated so that accurate readings may be made up to 120 degrees Fahrenheit;

(d) every degree from 30 degrees Fahrenheit up to 120 degrees shall be clearly marked on the glass stem of the instrument itself, each fifth and tenth degree shall be marked by longer marks than intermediate degrees, and the number marked opposite each tenth degree, i.e., 30, 40, 50, 60, 70, 80, 90, 100, 110 and 120;

(e) the markings shall be engraved or within 2 degrees at all readings between 30 and 120 degrees.

(f) The accuracy of each shall be certified by the National Physical Laboratory, London, or the Meteorological Station, Madras, and each certificate shall be kept attached to the Humidity Register.

If an Inspector gives notice in writing that a thermometer is inaccurate, it shall be replaced by another of suitable accuracy within the month; unless after consultation by the certifying authority named above a fresh certificate of accuracy has been obtained within that time in which case the new services shall be attached to the Humidity Register.

40. Every hygrometer shall be so mounted that

(a) the accuracy of the dry bulb temperature shall not be affected by the proximity of water in the reservoir; and

(b) the bulb of each thermometer shall be freely exposed to all sides to the air in the room.

41. Every hygrometer shall be maintained at all times during the period of employment in clean working order so as to give accurate readings and

(c) the muslin covering and work of the wet bulb shall be renewed once a week.

(f) All floor and bench castings which shall be guarded by efficient toe guards.

(g) All running tables and slides driven from positive shafts which shall be provided with flat iron pulleys and efficient belt drives.

Not in respect of ring and stonem and shodding frames—

(h) The outer ends of the frames shall be fitted with metal pins.

(i) Where both of the said slides provide a positive guide bands of a length designed so that the central gap between them is not more than 2 inches shall be provided by and means of a rod along the whole length of such ring frame and such guide shall be so constructed as to be safe.

(j) The use of cutting machines—

Every cutting machine shall be provided with an efficient "stop" guard along the whole length on the outside of the work piece by its, and shall be so fitted and maintained while the machine is in use so to prevent the access of any person's finger to the point of contact of the rollers or belts.

Additional Provisions for Slitting Machines.

22. In addition to the provisions herebefore contained, the following special provisions shall apply to certain slitting machines in the extent therein under set out—

(a) The line shaft or second motion shall be completely enclosed by a continuous wall or substantial partition with any of the openings as the necessary openings to the shaft for running water, and, where necessary, and such openings shall be provided with gates or doors which shall be kept closed and locked.

(b) The front bench of the frame shall be fitted with a traverse or a grid guard extending 4 inches over the entire conveyor in so far as to render it impossible for the operator to be within reach of the bottom work feeding in to the latter.

Provided that in the case of special slitting machines the feed and discharge can shall be guarded as to prevent the operator's foot from coming in contact with the work.

(c) The gear driving at the side of the upper shall be completely covered by a strong metal guard.

(d) The round shaft pulleys and roller pulleys of all gear shall be securely guarded by strong box guards and tapered top caps.

(e) The open wheels, including loose and rollers of gear shall be provided with guards.

(f) All running machines and spindles shall be provided with efficient pulleys and efficient belt drives.

Special Rules for Wood-working Machinery.

23. Every wood-working machine operated by power shall be provided with an efficient stopping and starting apparatus, and the control of this apparatus shall be so constructed as to be readily and conveniently operated by the person in charge of the machine.

24. A suitable pin which shall be kept available for use at the head of every wood-working machine such as a cut-off saw or a vertical spindle moulder which is fed by hand is to be the work to be removed without unnecessary risk.

25. Every wood-working machine shall be provided with a stop-watch guard. Behind and in a direct line with the saw, there shall be a strong bench which shall have a smooth surface, shall be strong, rigid and easily adjustable and shall be so constructed as to be readily and conveniently operated by the person in charge of the machine.

(a) The edge of the knife from the saw shall be from an inch to three inches and is not exceeding the point of the largest saw used on the bench.

(b) The knife shall be so constructed as to be adjustable to the saw, being rigidly fixed to the saw bench frame at the head of the bench table the distance between the front edge of the knife and bench of the saw shall not exceed 1/2 inch.

(c) For a saw of a diameter of less than 24 inches, the knife shall extend beyond the bench table to within one inch of the tip of the saw, and for a saw of a diameter of 24 inches or more shall extend beyond the bench table to within 1/2 inch of the tip of the saw.

(d) The point of the knife from the bench table shall be provided so that, when the knife is in use, it is not exposed, for a space of 1/2 inch, to any other material which shall extend from the tip of the saw to a distance of not less than 1/2 inch beyond the bench table.

(e) Metal pins, if not bent, shall be of a diameter of 1/2 inch, and, if bent, shall be of a diameter of 3/4 inch.

(f) The knife shall be so constructed as to be adjustable to the saw, being rigidly fixed to the saw bench frame at the head of the bench table the distance between the front edge of the knife and bench of the saw shall not exceed 1/2 inch.

(g) The knife shall be so constructed as to be adjustable to the saw, being rigidly fixed to the saw bench frame at the head of the bench table the distance between the front edge of the knife and bench of the saw shall not exceed 1/2 inch.

(h) The knife shall be so constructed as to be adjustable to the saw, being rigidly fixed to the saw bench frame at the head of the bench table the distance between the front edge of the knife and bench of the saw shall not exceed 1/2 inch.

side of the saw table the saw is not exposed, for a space of 1/2 inch, to any other material which shall extend from the tip of the saw to a distance of not less than 1/2 inch beyond the bench table.

26. Every planer used shall be guarded as follows—

(a) Each side of the bottom pulley shall be completely enclosed by a strong metal or substantial material.

(b) The front of the top pulley shall be covered with substantial or other suitable material.

(c) All portions of the table shall be enclosed or otherwise securely guarded, except the portion of the table between the front table and the top pulley.

27. On or after 1st January 1926, no planing machine, which is not mechanically fed, shall be used in a wood-planing mill, it is fitted with a cylindrical cutter block.

(a) Every planing machine used in a wood-planing mill shall be provided with a "brake" guard capable of securing the full length and breadth of the cutting slot in the work, and so constructed as to be easily adjusted in both a vertical and horizontal direction.

(b) The front roller of every planing machine used for thicknessing, except the mechanical machine for planing planing and thicknessing, shall be provided with an efficient guard.

28. (a) The frame of every vertical spindle moulder machine shall when practicable be provided with the most efficient guard having regard to the nature of the work which is being performed.

(b) For such work as cannot be performed with a motor protected by a guard, the work being modified as a vertical spindle moulder machine, shall if practicable, be held in a jig or holder of such construction as to prevent in any position the risk of contact to the worker.

29. The shaft of every chain-sawing machine shall be provided with a guard which shall extend the entire length of the shaft.

30. Rules 25, 26, 27 (b) and 27 (c) shall not apply to any wood-working machine in respect of which it can be shown that other safeguards are provided and maintained which render the machine as safe as it would be guarded in the manner prescribed by these rules.

Special Rules for Chain Mills.

31. In all chain mills—

(a) The feed table of every cutting machine shall, as far as practicable, be at least 18 inches high.

(b) The feed table of every cutting machine shall be provided with an efficient stopping and starting apparatus which shall stop the machine in case the operator's hand or arm is in contact with the feed table.

(c) The automatic drive mechanism in chains (d) above shall be maintained in an efficient state and kept in position whenever the machinery is working.

Special Rules for Saw Planes.

32. In hand planes, the knife shall be fixed so that the blade can be removed only with the aid of a block.

Special Rules for Band and Tilt Works.

33. In band and tilt works, a finger guard shall be fixed at the feed end to the full length of the mouth of every banding press.

Special Rules for Dressing Patterns.

34. The front edge and the feed mouth of the dressing pattern shall, as far as practicable, be guarded as follows—

A grating of 1/2 inch diameter wrought iron rods spaced 1/2 inch apart supported by two substantial frames of 1/2 inch which shall be fixed at a height of 5 inches above the top of the frame above. A strong wooden plank 1/2 inch thick fixed to the rods shall be so constructed as to be held in place by the feeding of the work. A grating of 1/2 inch diameter wrought iron rods spaced 1/2 inch apart shall be fixed at a height of 1/2 inch above the rods and another wooden plank 1/2 inch thick shall be fixed over the full length of the dressing pattern.

Special Rules relating to Electrical Fittings.

35. (a) All electrical conductors either shall be covered with adequate insulating material and shall be effectively protected to prevent danger, or shall be so placed and protected as to prevent danger.

(b) All electrical apparatus, machines and fittings shall be—

(c) so placed as to prevent danger or effectively guarded, and

previous notice of his views. At each of these visits the Inspector shall produce before him or such time as he may fix all children or adolescents employed in the factory whether actually at work or not.

(15) The Certifying Surgeon shall personally examine every child or adolescent who is in possession of a "Fingerprint" certificate issued under sub-section (11) of section 12 of the Act, and shall, if he is not satisfied that a certificate should be issued, direct the proprietor to furnish him with a new certificate in place of it.

(16) If, on such examination, the Certifying Surgeon is of opinion that the person in possession of a "Fingerprint" certificate, named under sub-section (11) of section 12, is under the age of twelve years or is not fit for employment in a factory, he shall inform the proprietor and write up or at the least "Cautioned" over his signature. He shall then forward the certificate with such remarks to the Inspector of Factories for information, and shall also inform the person who issued it that it has been cancelled.

(17) The Certifying Surgeon of his personal visits shall notify himself in to the names of the children and adolescents employed in the factory and shall receive the certificate of any whom he examines after.

(18) The Certifying Surgeon shall enter in the inspection book a note detailing the results of each visit to the factory and shall forward a copy of this note to the Inspector.

(19) For each child or adolescent examined, a fee of four annas shall be paid by Government to the Certifying Surgeon. No fee shall be paid by Government to the Certifying Surgeon for the grant of a copy of the certificate under rule 138.

RULE THREE CLAUSE (4) OF SECTION 12 OF THE ACT.

130. A child or adolescent shall not be certified as fit to work in a factory unless he or she is free from any disease, but a good physician, capable of attending work of the kind that has to be performed in the factory, is generally assumed to be competent to give a certificate by inspection.

RULE THREE CLAUSE (5) OF SECTION 12 OF THE ACT.

131. When a child or an adolescent at work arrives in a factory giving a reference to the certificate granted to him under section 12, it is incumbent on the proprietor of the factory to see that the child or adolescent is not employed in any work which is dangerous or which is likely to be injurious to his health.

CHAPTER VII.

REGULATIONS, REVENUE AND WORKERS.

Section 31 (1) and 32 (1), (2) and 33 (1), (2), (3), (4) and 34 (1).

132. The notice prescribed under sections 30 (3) and 31 (4) shall be in Form "C".

FORM "C".

Notice prescribed under sections 30 (3) and 31 (4).

(11) Living rooms.

47 (a) Is ventilation in line with subclause 1?

Are sufficient means provided for the removal of steam in steam-heating rooms in motion mills?

Is any other means provided in steam-heating rooms?

General questions—Additional questions.

48 (a) Is the facility to remove motion completely satisfied?

(b) Are the motion rollers of gears satisfied?

(c) Is the power gearing at the side of the wheel completely satisfied?

(d) Are the motion rollers of gears and rollers of all gears completely satisfied?

(e) Are the gear wheels, including frames and rollers of gears provided with guards?

49 Are the lights of mills provided?

General questions—Additional questions.

50 (1) Are all electrical installations protected?

(2) Are all electrical apparatus, including all wiring, protected and provided with efficient earthing?

(3) Are any apparatus or wiring exposed to electric shock?

(4) Is any apparatus, including all wiring, exposed to electric shock when it is both in motion and in use?

Notes of Inspectors: General, Section and Division, etc.—General.

51 Is the inspection book maintained and are the forms 1, 2 and 3 filled in?

(a) Have the forms been filled in and the book maintained?

(b) Has any person been found to be employed for a purpose of a prohibited function?

(c) Has any person been found to be employed for a purpose of a prohibited function?

(d)

(e) Is the list of persons in whom the provisions of section 1 have been applied entered in Form 2?

(f) Have the provisions of section 1 been applied?

(g) Has the provision of section 1 been applied?

(h) Are the provisions of section 1 applied?

(i) Are the provisions of section 1 applied?

(j) Are the provisions of section 1 applied?

(k) Are the provisions of section 1 applied?

52 (a) Is any person employed on a holiday who is prohibited from doing so?

(b)

(c) Was the person employed on a holiday who is prohibited from doing so?

(d) Was the person employed on a holiday who is prohibited from doing so?

(e) Was the person employed on a holiday who is prohibited from doing so?

(f) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(g) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(h) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(i) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(j) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(k) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(l) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(m) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(n) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(o) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(p) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(q) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(r) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(y) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

(z) If any person employed on a holiday who is prohibited from doing so, has been given and entered in Form 2?

appointment referred to in Paragraph 10 above. Terms are still to be fixed in strict order of merit from the list prepared by the Public Works Commission and subject to the provisions of the Government of India, Home Department, Resolution No. P. 107 E/1304, dated the 13th July 1914, provided also the Government of India are satisfied that such candidates are in all respects suitable for employment in the railway service.

APPENDIX II.

Conditions of apprenticeship for Special Class Apprentices selected under Paragraph 1 (1) in Part I of this Regulation.

1. Candidates selected for appointment as Special Class Apprentices under Paragraph 1 (1) in Part I will be liable to undergo practical and theoretical training for one year in the first instance under an industrial training scheme to be approved by the State-owned Railways on the multiplications of their training if their services are required. The continuance of apprenticeship from year to year will depend on the satisfactory reports being received from the authorities under a system the apprentice may be working. If on any time during his apprenticeship, an apprentice does not satisfy the superior authorities that he is making good progress, he will be liable to be discharged from his apprenticeship.

2. The Government of India give at their discretion after or during the period of training of such:

(a) The practical and theoretical training referred to above will be given in a system extended for the first three years and six months of their apprenticeship. The practical part will be given in the form of 15 per cent during the first two years and six months and 10 per cent during the last three years. During the last three years the apprentice will be required to undergo training at four periods of nine months each in the form of the school system for three months in the industrial school and will be attended at the end of each course. If successful at any of these courses, they will be discharged from their apprenticeship. During the next six months they will undergo only practical training and progress for the preliminary examination of the Technical School of Electrical Engineering.

(b) There is a provision for the first six months, in all cases of students from the railways who are not given.

3. Before the completion of training referred to in rule 2 above, the apprentice will be issued in order of merit on the results of the examination held and the superior on the apprentice record during the period of apprenticeship. Appointments to the number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination.

4. The apprentice will be liable to be issued in order of merit on the results of the examination held and the superior on the apprentice record during the period of apprenticeship. Appointments to the number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination.

5. The apprentice will be liable to be issued in order of merit on the results of the examination held and the superior on the apprentice record during the period of apprenticeship. Appointments to the number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination.

6. The apprentice will be liable to be issued in order of merit on the results of the examination held and the superior on the apprentice record during the period of apprenticeship. Appointments to the number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination. The number of vacancies will be made on the basis of the results of the examination.

The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

7. The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

8. The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

9. The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

10. The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

11. The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

12. The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

13. The apprentice one year will be spent in practical training in the workshops of a technical school and in the railway service. The apprentice will be required to attend after working hours a technical college or special lecture on electrical engineering subjects, and, before completion of the examination of Electrical Engineers. During the period of training in the United Kingdom they will be granted a stipend of £100 per annum. They will be granted a free annual class passage to the United Kingdom, and during the period of 10 days in the United Kingdom their stipend of £1,000 per annum will be continued.

APPENDIX II.

Provisions regarding the Electrical Engineering Department of the Superior Revenue Administration of India.

H = Higher.

EL GRADUATE AND PLACES OF EXAMINATION.

The following are the subjects at which the Western examination will be held—the examination in various subjects in the particular grades being held at certain specified centres only—

- * **1934.**—(1) The Higher grade examination in Physics, English and Mathematics will be held at the following centres:—
 (a) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (b) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (c) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (d) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (e) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (f) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (g) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (h) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (i) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (j) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (k) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (l) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (m) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (n) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (o) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (p) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (q) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (r) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (s) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (t) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (u) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (v) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (w) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (x) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (y) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.
 (z) The Higher grade examination in English, Mathematics, Physics, Chemistry, Biology, and History.

1. Notice to Matriculation Candidates.

Candidates in the matriculation are informed that as his dates are fixed and a copy of the Matriculation List will be printed at the discretion of the examination board at such notice two days before the examination and that they are expected to have their regular matriculation fees paid.

For candidates who are not matriculated but who wish to take in any other subject in the list of the examination, see.

For any further information regarding the examination, they should apply to the Chief Superintendent of the Western examination. The address of the Chief Superintendent at the various national centres is given below—

1. Chief Superintendent and place of examination.

1. **Barrow**—(Headmaster); Government Training School, Barrow.
2. **Cambridge**—(Headmaster); Government Training School, Cambridge.
3. **Edinburgh**—(Headmaster); Government Training School, Edinburgh.
4. **Exeter**—(Headmaster); Government Training School, Exeter.
5. **Gloucester**—(Headmaster); Government Training School, Gloucester.
6. **London**—(Headmaster); Government Training School, London.
7. **Manchester**—(Headmaster); Government Training School, Manchester.
8. **Nottingham**—(Headmaster); Government Training School, Nottingham.
9. **Reading**—(Headmaster); Government Training School, Reading.
10. **Sheffield**—(Headmaster); Government Training School, Sheffield.
11. **Southampton**—(Headmaster); Government Training School, Southampton.
12. **Truro**—(Headmaster); Government Training School, Truro.
13. **Wolverhampton**—(Headmaster); Government Training School, Wolverhampton.
14. **Worcester**—(Headmaster); Government Training School, Worcester.
15. **York**—(Headmaster); Government Training School, York.

2. Rules to be Observed.

Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(b) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(c) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(d) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(e) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(f) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(g) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(h) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(i) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(j) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(k) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(l) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(m) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

(n) Candidates are also requested that they must bring their own writing materials with them for use in the examination. Candidates are also requested that they must bring their own writing materials with them for use in the examination.

and they must bring with them their own writing materials for use in the examination.

Candidates bringing up Examination should also bring with them their own writing materials for use in the examination.

(b) Attention is particularly drawn to the following rules—

1. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases wears good clean shoes and a white cloth on his head, and will be allowed to keep his shoes on unless they are clean and white.

No candidate suffering from any contagious disease will be admitted to the examination hall.

2. Candidates are requested to take their seats in the examination hall at least 15 minutes before the time fixed for giving out the examination papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, save to leave the hall without taking up his answer paper.

4. Strict silence should be maintained in the examination hall.

5. No candidate will, on any account, be allowed to take into the examination hall, slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind, or any candidate detected in the violation of this rule is liable to be expelled from the hall, and his name will be entered in the list of candidates who have failed in the examination.

6. Candidates are requested to take down the names to any question on the question paper, and they will not be allowed to take any paper, except their question paper, out of the examination hall.

7. Candidates are requested to take up paper, or to throw out or paper on the floor, all 'spoil' papers, etc., should be left on the floor when the candidate has finished writing.

8. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instructions on this point in the examination hall from the Chief Superintendent of the examination.

IV. That for Regulation 28 of Chapter L—M.B. & B. Degree—the following Regulation is substituted—
 “28. A candidate who holds the Diploma of L.M.F. or any other qualification accepted for the Diploma as required in Item 1, will be admitted to the Degree of M.B. & B. Degree—
 (a) in his period the Diploma Examination at least five years before the date of application for Part II of the Final M.B. & B. Degree Examination;
 (b) if he has passed the Intermediate Examination in Arts and Science of the University, or an examination accepted by the Board of Medical Council for entrance to the Medical Course;
 provided that for the purpose, the United or Cambridge Honor Local or School Certificate Examination shall be accepted, if the candidate has passed with credit in any three required subjects then two subjects;
 (c) if he has attended a course of study for not less than two academic years in a College of Medicine accepted by the University before appearing for Part II of the Final M.B. & B. Degree Examination;
 (d) he has passed Part II of the Final M.B. & B. Examination of the University not less than one academic year previous to appearing for Part II of the Final M.B. & B. Degree Examination;
 (e) he has passed the Second M.B. & B. Examination of the University not less than one academic year previous to appearing for Part II of the Final M.B. & B. Degree Examination; and
 (f) he passes the whole of the Final M.B. & B. Degree Examination of the University.”

V. That in Item 2 and 3 of Regulation 41 of Chapter L—M.B. & B. Degree—the words “which he takes the degree” be deleted.

VI. That for the existing Regulations 8, 10 and 26 of Chapter L—M.B. & B. Degree—the following be substituted—
 Regulation 8.—No candidate will be permitted to appear for the Examination unless he produces a certificate of having completed the prescribed course.

Regulation 10.—No candidate shall be permitted to appear for the Second Examination unless he has passed the First Examination.

Regulation 26.—Candidates who fail in the First Examination will be permitted to appear for any subsequent examination on payment of the prescribed fee and need not produce any additional attendance.

Candidates who fail in any of the subjects in the Second and Final Examinations will be permitted to appear in such subjects in any subsequent examination on payment of the prescribed fee and need not produce any additional attendance.

VII. That for the words “Bachelor of Science (Veterinary)” or “B.Sc. (Veterinary)” in the heading and sub-headings of Chapter LV and in Regulations 1, 1 (a), 2, 3, and 4, the words “Bachelor of Veterinary Science” or “B.V. Sc.” as the case may be, be substituted.

VIII. That in Item 1 of Regulation 12 of Chapter LVII—Diploma in French and German—the words “passed” and “the” the following words be inserted—
 “the examination for Certification of Proficiency in Oriental Learning, or”

IX. That in Item 4 of Regulation 22 of Chapter LVII—Certificate course in Librarianship—the words “University” and “or” the following words be inserted—
 “or the examination for Certification of Proficiency in Oriental Learning.”

X. (i) That, instead of Regulation 25, Clause (2) of Chapter LVII—Diploma Course in Geography—now,
 “General Regional Geography of the World with a special study of two continents, of which Asia shall be one.”

Substitute—“General Regional Geography of the World with a special study of the Regional Geography of India and any one of the three following continents—Europe, North America, South America. (This continent will be selected from time to time.)”

Instead of Regulation 26, clause 1, now,
 “The use of instruments, map-making
 and field.”

Substitute “Practical Geography.”

Under Regulation 40—Add in (i) “Practical Geography” under 20 marks.

Instead of Regulation 40, clause 1, now,
 “General Regional Geography of the World of two continents (one General paper selected)”

Substitute—“General Regional Geography of the World with a special study of the Regional Geography of India and any one of the three following continents—Europe, North America, South America. (One General paper, one on India and one on the selected continent. 3 papers of 2 hours each.)”

(ii) That the following second-year subject be in the syllabus on page 276 of Vol. I, Part II, Calendar, 1924-25, be added—

Diploma in Geography.

(i) Add in the said “Practical Geography” course 20 marks.

(ii) The total “400” be changed to “420.”

Here—the actual Regulations will be altered then to correspond.

XI. That the following new University Regulations be added as Regulation 44 of Chapter LVII—Diploma in French and German.

Veterinary Examinations.

“Whereas nothing is said in Regulation 43 of Chapter LVII, it shall be accepted for the Candidate to submit to the Diploma Course in Tropical Medicine in 1924-25, women students who have not been considered eligible for admission to University courses of study, provided that they are generally good in Maths and have a working knowledge of English so as to enable them to follow the lectures.”

Here—where there alterations in the addition in the Regulations will also alter the syllabus, maps and so on. It will also alter the fees, for the students and the fee to be paid to the University, which will also alter the regulations of 1921.

(By order)

D. CHIDAMBARAM, *Deputy Registrar.*

Solely House, Madras,
 5th November 1924.

Veterinary Office, Madras,
 5th October 1924.

MADRAS UNIVERSITY STUDENT INFORMATION BUREAU.

President: The Vice-Chancellor of the University of Madras.
President: The Director of Public Instruction, Madras.
Secretary: A. V. MOORE, B.A., M.A., Secretary, Madras Christian College, Madras.

The main functions of the Bureau are—

(1) To furnish information and advice to Indians proceeding to England and other foreign countries for further studies.

(2) To circulate in India to colleges and other institutions the educational, financial and social information collected by the Bureau in London.

(3) To communicate with the Central Bureau on behalf of students before they start, or on behalf of their parents when they are in England.

Students of the Madras University and of Native States whose colleges are affiliated to the Madras University, who contemplate going to England and other countries and the relations and friends of those who are going or are already gone, are invited to communicate with Mr. A. V. MOORE, Secretary to the Madras University Students' Information Bureau, Madras Christian College, Epiphany, Madras, from whom all necessary information can be obtained.

Letters from Madras students to the Educational Advisor at London, or to other Educational authorities in Great Britain are forwarded to the Madras Secretary for onward and much delay will therefore be saved by direct communication with the Bureau.

There is a library attached to the Secretary's office, Madras Christian College, Epiphany, Madras, containing the prospectuses, bulletins and pamphlets of various educational institutions and Universities in Great Britain, America and other countries and students and other persons will be allowed the use of the library on all week days except Sundays and holidays between 11 a.m. and 5 p.m.

A. V. MOORE,
Secretary.

G. M. GANAPATHY, Major, I.M.R.,
Armed Forces Medical College

Monday, 20 October 1996

the Court may order under sub-rule (2), on application to have the property sold has been made, or if made has been refused, the attachment shall cease."

VII. Rule 40—

Substitute the following for sub-rule (1)—
"Where agricultural produce is attached, the Court shall make such arrangements for the produce, direct or indirect, as may deem sufficient, and for the purpose of enabling the Court to make such arrangements, every application for the attachment of a growing crop shall specify the time at which it is likely to be cut or gathered; and the application shall deposit in Court within a date to be fixed by Court, not less than 14 days, a sum sufficient to defray the cost of watching and storing the crop till such time."

VIII. Rule 40—

Substitute the following for sub-rule (1) (a) (i)—
"The holder of the decree sought to be executed, or the judgment-debtor if he has obtained the consent in writing of the decree-holder or the person of the mortgagee, shall apply to the Court meeting next next to a date the attached decree."

IX. Rule 41—

Add the following as sub-rule (3)—
"The cost of attachment shall be deemed to have been made an amount due without consideration from the judgment-debtor from the date of the order of attachment, and to remain due other persons from the date on which they respectively had knowledge of the order of attachment, at the date on which the order was duly pronounced under sub-rule (2) whether it is within."

X. Rule 42—

Substitute the following for the existing rule—
"If (1) "Where any property has been attached in execution of a decree and the Court issuing the attachment application, either directly or indirectly, the proceedings to a decree date, it shall make warrant the attachment continue in force. Provided that when the Court dismisses such an application by reason of the decree-holder's default the order shall state that the attachment is made."

(2) "Where the property attached is a decree of the court mentioned in sub-rule (1) of rule 37, and the Court issuing the attached decree dismisses the application for execution of the attached decree, it shall reject to the Court which attached the decree the cost of such attachment. Upon the receipt of such report the Court attaching the decree shall proceed under the provisions of sub-rule (1) and a certificate to be drawn to the Court where decree is attached."

XI. Rule 43—

Substitute the following for the existing rule—
"Where a claim or an objection is presented, the party against whom an order is made may institute a suit to establish the right which he claims to the property in dispute, but subject to the result of such suit, if any, the order shall be enforceable in all further proceedings including other proceedings in execution of the decree unless the party against whom the order is made establishes a better right subsequent to the date of the order."

XII. Rule 44—

Re-number the existing clause (a) to sub-rule (3) as (1) and add the following as clause (4)—
"The value of the property so attached (1) by the decree-holder and (2) by the judgment-debtor."

XIII. Rule 45—

Add the following as sub-rule (3)—
"Where the Court so directs it shall not be necessary to send a copy of the proclamation to the judgment-debtor."

XIV. Rule 46—

Substitute the following for sub-rule (2)—
"Where a sale is required under sub-rule (1) for a longer period than three days, a fresh proclamation under rule 37 shall be made, unless the judgment-debtor consents to waive it."

XV. Rule 47—

Substitute the following for the existing rule—
(1) "Where the property to be sold is a growing crop and the crop from its nature admits of being stored but has not yet been stored, unless the Court directs to the contrary under the provisions of sub-rule (2) hereunder, the day of the sale shall be so fixed as to admit of the crop being made ready for storage before the arrival of such day, and the sale shall not be held until the crop has been cut or gathered and is ready for storage."

(2) "Where the crop from the nature does not admit of being stored, or can be sold in greater advantage as an uncut crop, it may be sold before it is cut and gathered or in such uncut state, and the parties shall be required to make an affidavit, and the sale shall be made for the purpose of loading and carting or processing it."

XVI. Rule 48—

Substitute the following for sub-rule (1)—
(1) "Where immovable property has been sold in execution of a decree, the judgment-debtor, or any person deriving title from the judgment-debtor, or any person selling or dealing in the property, may apply to have the sale set aside on his depositing in Court—
(a) for payment to the mortgagee a sum equal to 4 per cent of the purchase money, and
(b) for payment to the decree-holder, the amount specified in the proclamation of sale as that for the recovery of which the sale was ordered, less any amount which may, alone the date of that proclamation of sale, have been received by the decree-holder."

Provided that where the immovable property sold is liable to discharge a portion of the decree debt the payment under sub-rule (b) of this sub-rule shall not exceed such amount as will leave the amount of the property sold as liable to pay."

XVII. Rule 49—

Substitute the following for the existing rule—
"Where any immovable property has been sold in execution of a decree, the decree-holder, or any person entitled to claim to a mortgage debited out of such sale, or whose interests are affected by the sale, may apply to the Court to set the sale aside on the ground of a material irregularity or fraud in publishing or exhibiting it."

Provided that the Court may, before admitting the application, call upon the applicant to furnish security in the satisfaction of the Court for an amount equal to that contained in the sale warrant or that required by the sale, whichever is less, or to deposit such a sum in Court."

Provided also that the security furnished or the deposit made as aforesaid, shall be held to be provided only if the extent of the defect or a material irregularity or fraud is established to the satisfaction of the Court."

XVIII. Rule 50—

Substitute the following for the existing rule—
"Where the Court is satisfied that the mortgage or charge was contained within any limit fixed by the judgment-debtor or by some other person at his instigation or on his behalf, it shall direct that the applicant be put into possession of the property, and when the applicant is still denied or obstructed in obtaining possession, the Court may set aside the sentence of the application, order the judgment-debtor, or any person acting at his instigation or on his behalf, to be detained in the work given on the date of the sentence for a term which may extend to thirty days."

XIX. Rule 51—

Substitute the following for the existing rule—
"Where the Court is satisfied that the mortgage or charge was contained by some person (other than those mentioned in rule 49) claiming as good faith to be in possession of the property on his own account or on account of some person other than the judgment-debtor, the Court shall make an order dismissing the application."

G. S. WHITE,
Registrar.

High Court, Madras,
23rd October 1924.

Board (Land Revenue and Settlements),
 Madras, 14th October 1934.

In execution of the powers delegated under section 3 of the Madras Survey and Boundaries Act VIII of 1925, the Board of Revenue hereby directs the survey under the provisions of the said Act of the land required for the formation of a drainage bank on the left bank of the Chittur river in S. Nos. 426 and 428 in the village of Thirumangaladi in the Panchayatnam taluk of the Thanjavur district and of the Thanjavur taluk in them and the adjoining taluks.

Board (Land Revenue and Settlements),
Madras, 29th October 1934.

In execution of the powers delegated under section 3 of the Madras Survey and Boundaries Act VIII of 1925, the Board of Revenue hereby directs the survey under the provisions of the said Act of the unenclosed lands in the village of Pichanallur in the Chittur taluk of the Thanjavur district and of the Thanjavur taluk in them and the adjoining taluks.

M. K. VELLODI,
Joint Secretary.

Board (Land Revenue and Settlements),
Madras, 21st October 1934.

OFFICIAL ADVERTISEMENTS.

TENDERS FOR THE PURCHASE OF SKINS OF WILD ANIMALS.

Tenders are invited for the purchase of skins of wild animals such as tiger, panther and leopard or cheetah, bear and wild dogs, from the Hunter Treasury, Chittoor, during the year 1935.

1. Taluk in which the tenders are to be purchased and the skins should be specified skins of tigers, skins of bears, skins of cheetahs, leopard or panther and skins of wild dogs.

2. The contract shall be for one year from 1st January 1935 to 31st December 1935.

3. The tenders should be accompanied by "Tenders for the purchase of the skins of wild animals" and must reach the undersigned by the 15th December 1934.

4. Each tender must be accompanied by a deposit of Rs. 100 (one hundred) which will be returned if the tender is not accepted. The deposit of the successful tenderer will be retained until the completion of the contract and a security for the due fulfilment of the contract. The contract shall not be forfeited.

5. The cost of freight should be paid on delivery. The successful tenderer must make his own arrangements for the removal of the skins from the Hunter Treasury, Chittoor, as soon as it is required by him from the office, every month.

6. The contractor shall be bound to purchase all skins received in the Treasury during the period of the contract irrespective of their quality and size and must keep all specimens that may be issued from time to time by the District Collector in the matter of the removal of the skins. If he neglects such orders or otherwise fails to fulfil the terms of the contract, his deposit will be forfeited and his contract annulled. He shall also be liable to make good any loss caused to Government owing to his failure to fulfil the terms of the contract.

T. BHASKARA RAO,
Collector.

Chittoor, 26th October 1934.

TENDER FOR PURCHASE AND REMOVAL OF WASTE-PAPER AND WASTE CUTTINGS.

Public tenders will be invited by the Superintendent of Stationery up to 25 noon on Monday, the 15th December 1934 for the purchase and removal of waste paper and waste cuttings from the Government offices in the Presidency town from the 1st April 1935 to 31st March 1936.

1. Tenders must be accompanied by a deposit of two hundred rupees in the form of a bank receipt. The cash will be returned. In the event of the contract being awarded to the tenderer who has made for this work, the money deposited must be treated as tender deposit for this tender.

2. The arrangements made by the Superintendent of Stationery, Madras, for the sale of waste paper do not apply to Imperial and Military Offices outside the control of the Government of Madras.

3. The word "waste paper" means paper that the officers concerned should use in their work and that is not suitably torn up. It does not include old printing, newspapers or other publications that are no longer required, for the sale of which officers in the Presidency town will make their own arrangements.

4. The prices offered will be sold as a whole excepted. Persons tendering should state the Government Press and under their own name what the earnings are like in the storage. No guarantee will be given that any particular proportion between waste and other earnings will be maintained.

5. The rate tendered for the purchase and removal of the waste-paper must be for a year of 365 days and that for other earnings must be for a year.

6. If a tenderer withdraws his bid before settlement, his tender deposit will be forfeited to Government.

7. In the case of unsuccessful tenders their tender deposit will be duly returned to them.

8. The successful tenderer will be required to execute a bond for the due performance of his contract within ten days from the date on which the acceptance of his tender is intimated to him.

9. The form of bond to be executed can be seen at the Stationery Office on any working day between the hours of 11 a.m. and 5 p.m.

10. The contractor will be required to deposit a sum of two hundred rupees as security for the performance of his contract.

11. The contractor must take charge of the accumulated waste-paper and waste cuttings from the offices immediately when they require him to do so.

12. Forms of tender and all particulars can be obtained at the Stationery Office.

13. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for doing so.

J. E. BROWN,
Superintendent.

Stationery Office, Madras,
21st October 1934.

TENDER FOR CONSTRUCTING OPEN DRAINS AND INCIDENTAL WORKS AND IMPROVEMENTS TO HILL DRAIN No. 1, HEMAVATHI SUBDIVISION SCHEME.

Tenders will be invited by the Executive Engineer, Karim Central Division, at his office in Dindur up to 5 p.m. on 15th December 1934 for the work of constructing open drains and incidental works and improvements to Hill Drain No. 1, Hemavathi Subdivision Scheme.

1. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Karim Central Division, the name of the tenderer and the name of the work being tendered on the cover.

2. If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the name of the firm, the name of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender, satisfactory evidence of his authorization. Such tendering cooperation may be required, before the contract is awarded, to furnish evidence of its corporate existence.

3. Each tenderer must pay, in advance, a sum of Rs. 25 (twenty-five) rupees into the hands of the Imperial Bank of India or into the Government Treasury or into the hands of the Superintendent of the Executive Engineer concerned to the credit of Revenue Department, before the tender is accepted. The tenderer shall be required to deposit a sum of Rs. 25 (twenty-five) rupees into the hands of the Imperial Bank of India or into the Government Treasury or into the hands of the Superintendent of the Executive Engineer concerned to the credit of Revenue Department, before the tender is accepted. The tenderer shall be required to deposit a sum of Rs. 25 (twenty-five) rupees into the hands of the Imperial Bank of India or into the Government Treasury or into the hands of the Superintendent of the Executive Engineer concerned to the credit of Revenue Department, before the tender is accepted. The tenderer shall be required to deposit a sum of Rs. 25 (twenty-five) rupees into the hands of the Imperial Bank of India or into the Government Treasury or into the hands of the Superintendent of the Executive Engineer concerned to the credit of Revenue Department, before the tender is accepted.
